

Please find attached agenda for 10.11.15

Unfortunately due to various commitments insufficient members of the Standards Committee were able to attend the meeting scheduled for October to make it quorate

As Chair of the committee I took the decision to make the meeting a governor scrutiny exercise instead since several members of staff had made themselves available for questioning. I believed this to be a sensible and valuable use of everyone's time. As a result the normal business part of the meeting was held over until this month and scrutiny reports for the October meeting rather than minutes are available.

The attached list of questions for the Engagement Lead Alan Waldron was prepared to aid his preparation for our meeting. They were prepared in conjunction with Dennis Freeman who acts as Engagement Link Governor.
