COOKING

We have been learning about food waste.

Food waste could cost the average family up to £50 a month. Around 7.2 million tonnes of food is thrown away by households in the UK every year, and most of it could be eaten.

If we all stopped wasting perfectly good food, it would have the same CO2 impact as taking 1 in 5 cars off the UK roads.

This term we will be making:-

Frittata
Bread and Butter Pudding
Minestrone Soup
Banana Muffins
Potato Hash
Bakery Pudding
